Dear Mr. Weisberg:

You May Remember I wrote to you, Several years ago, after Reading your book "Oswald in New Orleans — Case for Conspiracy with The C/A-" !!

Well, On Friday August 22nd, 1975, at about 3:45 PM, I saw "The Second Oswald" in the Woolworth Dept. Store, 900 Canal St, New Orleans — or someone Made to look like "a Second Oswald"!!!

Anyway, although I never Met the Slain Oswald, in person, This Man looked like Oswald's "Twin Brother", I Swear to God — like his Twin Brother, from the photos of the Slain Oswald I've seen. He was of Medium height, had a Sallow Complexion, although it was browner Than I imagined Oswald to be; looked to be about Oswalds age if he were Alive Today; and was dressed in blue pants and a blue Sport shirt!!! (Over)

I Recvd Mark Lane's P.S. letter of the 4th this A.M. (Friday) in Covid 74 envir.

He was Talking to one of the Women Bakery Clerks at the Woolworth Cafeteria, where I had stopped to eat, before going to work. She quite obviously knew him as they were having a friendly chat. I'm going to ask her his name if she will tell me. Finally, he got up & went over to the Woolworth information booth. She Doesn't know or if I write her she won't tell me. Feeling like Special Agent James Bond 007 - I got up & quietly walked up to him. I casually asked the Second Oswald "What's your Name?" He would not tell me. He Refused. He Clamed up Tight, like he was hiding something!!! Not being a Policeman or a Security Guard I could not Arrest him for him NOT giving his Name to me. But, What a Coincidence + for a Friday, a 22nd, in New Orleans Yet, Too!! What Do you Suggest we Do, Mr Wesberg? Are our "Suspects" Coming out in the Open, at last, believing they are in the Clear? What Should I do. The Second Oswald is Alive & well in New Orleans + I believe I Saw him + he knows that I Believe he is a Second Oswald!!

Very Sincerely yours,
